ELECTRONICS SUPPLY COMPANY, INC.

ABOUTUS

Electronics Supply is a certified woman owned, small business located in Kansas City, Missouri at 4100 Main Street.

Examine the breadth and depth of our product offerings by reviewing our line card on the following pages. We are the largest stocking distributor of electronics components, test equipment, and local area network products in the Missouri, Kansas, Iowa, Nebraska area.

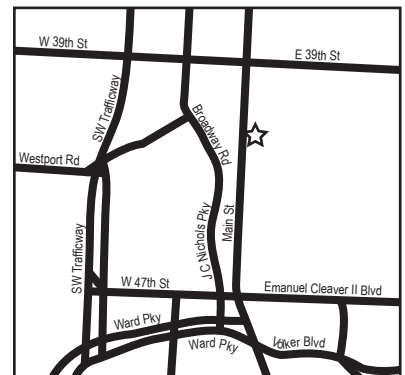

We specialize in datacomm products, security products, backup power systems, test equipment, tools, wire, and electronic parts. You can browse our catalog and place orders online on our web site at www.eskc.com

In addition to our large inventory, we offer value-added services such as free local delivery, project staging and kitting, custom manufactured copper and fiber optic cable assemblies, multi-site rollout services, design assistance for closed-circuit surveillance systems, design assistance for structured cabling for LANs and Public Address systems, and design assistance for Access Control systems. We have experienced, helpful, knowledgeable salespeople, BICSI certified RCDDs on staff, as well as APC Infrastructure certified personnel.

We offer test equipment rental for products such as oscilloscopes, Fiber testers, and LAN network testers as well as other popular test equipment.

We have been in business since 1952 and attribute our success and longevity to customer service and large inventory. Our goal is to assist you in any way we can. Call us today and let us know how we can help you with your next project. We'd appreciate the opportunity to add you to our growing list of satisfied customers.
